JOIN US FEBRUARY 26TH and 27TH FOR CASTLE TRICON 2021 SPRING EDITION!

Dear friends and partners,

It is again with great pleasure that we (HeidelBÄR Games, Czech Games Edition, and Horrible Guild) invite you to Castle TriCon – a unique board gaming convention happening in a virtual 3D world! Join us online one more time, during our 2021 Spring Edition of the show, happening publicly on February 26th and 27th.

Connect with your friends or meet new ones, play board games, fly around and explore – you can do all that and more in our exciting and interactive 3D world. Let's meet up and have fun!

We are now able to present a more developed version of the Castle TriCon 3D software and are looking forward to showing off everything we did last time, only better. You can look forward to easier access, more features in the world, better playability of game demos, new world designs, new games and much more.
